

## Typical Performance Data

| FREQUENCY<br>(MHz) | ATTENUATION<br>(dB) | RETURN LOSS<br>(dB) |
|--------------------|---------------------|---------------------|
| 10.00              | 29.98               | 55.05               |
| 50.00              | 29.98               | 52.74               |
| 100.00             | 30.00               | 51.61               |
| 250.00             | 29.97               | 47.81               |
| 500.00             | 29.80               | 47.35               |
| 750.00             | 29.69               | 36.73               |
| 1000.00            | 29.74               | 33.56               |
| 1500.00            | 29.86               | 28.13               |
| 1750.00            | 30.02               | 27.24               |
| 2000.00            | 30.17               | 26.00               |
