

## Typical Performance Data

| FREQUENCY<br>(MHz) | ATTENUATION<br>(dB) | RETURN LOSS<br>(dB) |
|--------------------|---------------------|---------------------|
| 10.00              | 10.00               | 72.30               |
| 50.00              | 10.00               | 64.46               |
| 100.00             | 10.02               | 58.42               |
| 250.00             | 10.04               | 49.31               |
| 500.00             | 10.04               | 58.90               |
| 750.00             | 10.04               | 48.82               |
| 1000.00            | 10.06               | 45.89               |
| 1500.00            | 10.04               | 33.61               |
| 1750.00            | 10.03               | 28.85               |
| 2000.00            | 10.02               | 25.62               |
