

## PRODUCT CHANGE NOTICE PCN Form (D4-E000-73)

**PCN#20-033**

**NOTIFICATION DATE: July 30, 2020**

**MODEL(S) AFFECTED:**

**LK-3000+**

**EXTENT OF CHANGE:**

Replacement of existing SnAg (tin-silver) plating with industry standard 100% Matte-Tin with Hot Oil reflow

**EFFECT OF CHANGE:**

- No change to **FIT** (dimensions) or **FUNCTION** (electrical or process performance).
- Change to **FORM** in the surface plating used to interface with customer assembly.

**REASON FOR CHANGE:**

- Existing plating supplier shut-down, SnAg unique to this supplier. Matte tin is a well-established RoHS compliant finish in the industry.
- Use of post-plating Hot Oil Reflow for tin whisker mitigation

**EFFECTIVE DATE OF CHANGE:**

- Immediate based on exhaustion of stock
- Contact [Sales@minicircuits.com](mailto:Sales@minicircuits.com) for samples if required

**ATTACHMENTS:**

n/a
